Comments when people heard we were going to re-release UpsideDown:

"I am VERY excited to hear about this and have emailed several people who used to own the original. By now all of our VHS taped have long since 'died' from too much use."

"I would LOVE to purchase two DVD sets of the four-hour version of the Upside Down musical!! I have been looking for this for years!"

"Yes, we have been waiting for this."

"As one who was in the Opera House during one of the performances where this was recorded, all I can reply with is 'where do I send my check?' Please count me as definite purchaser."

"Yes!!"

"I would definitely be interested in a DVD release of the original UpsideDown play.... This would be a dream come true."

"I will commit to 1 DVD set. It's an important part of our history, and brings back many fond memories of my early days as a Christian!"

"I am definitely buying one!!!! My parents would absolutely LOVE IT!!! I pray that you will do this!! PLEASE!"

"I would love for the Boston version to be on DVD. Our VHS is worn out! While doing mission work in Russia I can't tell you how often my wife and I watched it. It was always a rejuvenating source of encouragement and reminder of our purpose. We would buy one for certain, and will be "word of mouth' advertisers should you decide to produce it."

"I've been wanting the older version of UpsideDown on DVD for years. I will certainly order a copy. Thanks for checking into this!!!"

"I love the original and have been waiting for this version to come out."

"I am thrilled. I have been thinking about the 1987 upside down. I would love it on DVD."
